HISTORY AND BACKGROUND

Assumption University was initially originated from Assumption Commercial College in 1969 as an autonomous higher education institution under the name of Assumption School of Business. In 1972, with the approval of the Ministry of Education, it was officially established as "Assumption Business Administration College" or ABAC. In May 1975, it was accredited by the Ministry of University Affairs. In 1990, it was granted new status as "Assumption University" by the Ministry of University Affairs.

The University is a non-profit institution administered by the Brothers of St. Gabriel, a worldwide Catholic religious order, founded in France in 1705 by St. Louis Marie De Montfort, devoted to education and philanthropic activities. The congregation has been operating many educational institutions in Thailand since 1901.

The University is an international community of scholars, enlivened by Christian inspiration, engaged in the pursuit of truth and knowledge, serving the human society, especially through the creative use of interdisciplinary approaches and cybertechnology.

MOTTO: LABOR OMNIA VINCIT

(Labour Conquers All Things)

OPENING PRAYER: ASKING FOR THE SEVEN GIFTS OF THE HOLY SPIRIT

Omnipotent and omniscient God, do bestow on the graduates, and all the members of AU community: -

The gift of **Wisdom** to enable them to see things from the perspective of the supreme Truth.

The gift of **Understanding** to apprehend the ultimate Truth with greater insight as well as their relationship to the Absolute and their role in the world.

The gift of **Counsel** to enable them to judge rightly what they should do in time of trouble and trial.

The gift of **Fortitude** that suppresses excessive fear and curbs recklessness.

The gift of **Knowledge** to swiftly discern between the subtle wiles of the devil and the inspirations of God.

The gift of **Piety**, the instinctive love for God, to render to him the worship and service he deserves.

The gift of the **Fear of the Lord**, the beginning of wisdom, a profound respect for the supreme Truth, to help protect them from sin through the fear of offending the Absolute.

(We ask all this through Christ our Lord. Amen)

Education is the most effective means
to liberate Man from ignorance and poverty.

The fundamental aim of education is
to develop and integrate Man's physical,
intellectual, emotional and moral faculties
to their fullest potential without extinguishing
the creative spark in him. This integration processed
through the proper exercise of personal freedom will
ultimately lead to the formation of a complete Man,
bearing in mind that Man's existence is an
unending process of completion and learning.

A Man thus formed is capable
of becoming responsible to himself and
to the society in which he lives.

**Address by the President
Assumption University of Thailand
at the 52nd Commencement Exercises
Queen Sirikit National Convention Center
On Saturday, January 25, 2025**

Introduction

Chairman of AU Council, Distinguished guests, faculties, staff, families, friends, and most importantly, the graduating class of 2023/52, it is an immense honor to be with you today. This is a moment of immense significance - not only for you, the graduates, but for everyone who has supported you on this journey. Today marks a monumental moment in your lives. It is a day of joy, pride, felicitation and anticipation for the future.

To our graduates, my deepest congratulations. You have worked tirelessly, overcome challenges, and made sacrifices to reach this milestone. This achievement reflects your commitment to excellence, your intellectual development, and your determination to succeed. Today, we rejoice and celebrate all that you have accomplished, but we also look forward to all that you will accomplish in the years ahead.

The Journey of Higher Education

As I look at you, I can't help but think of the remarkable journey you've taken. When you first arrived at Assumption University, you may have had dreams and aspirations, but perhaps you weren't quite sure what the path would look like. Some of you may have felt uncertain or overwhelmed by the academic demands or by the challenges of living away from home for the first time. Yet, over time, you found your way. Through late-night study sessions, delving into mountains of textbooks, academic conversations with professors, and countless hours spent with friends and mentors, you have transformed. You entered as students, eager to learn; now you leave as critical thinkers, innovators, and leaders.

Higher education is about much more than simply acquiring knowledge. It is about developing the ability to think critically, to question assumptions, and to approach the world with a mindset of curiosity and open-mindedness. But, perhaps most importantly, it is about becoming the kind of person who can navigate the complexities of life with integrity and wisdom. It is about becoming someone who can shape not just their own future, but the future of those around them.

As you prepare to embark on the next phase of your journey, I want to remind you of the legacy you are now a part of. You are graduates of Assumption University, a place with a rich tradition as a learning center for students who have come here to acquire a wholistic transformation through integrated development

of their character with quality education, to achieve excellence in every dimension of life, to be faithful to their responsibilities and commitment to the Ultimate Truth, to be creative practitioners and entrepreneurs in various branches of business and the commercial world, to be prepared for the challenges and demands of this rapid changing era, upholding moral and ethical values which are the basic foundation of a just and fraternal society. Whether you are returning to your hometown, entering the workforce, or continuing your studies, I hope you will carry the lessons learned here with you and apply them to your personal and professional lives.

The Legend of Assumption University & The Four Virtues

Assumption University's history is a story of vision, resilience, and growth. Since its humble beginnings in 1969 as the Assumption School of Business (ASB), then evolving into Assumption Business Administration College (ABAC), and now standing as Assumption University (AU), we have always stayed true to the ideals set forth by our founders. We are proud of our Catholic heritage and the values that are at the heart of our educational mission with its motto: **Labor Omnia Vincit** administered by Brothers of St. Gabriel.

As graduates, you are now part of this proud legacy. But what exactly does it mean to be a part of this institution, and how can you carry forward its ideals? I would like to focus on two key aspects of our university's character: The Four Virtues and the unique spirit of Catholic education.

The Four Virtues we hold dear - **Prudence, Justice, Fortitude, and Temperance** - have been central to the education and formation of students at Assumption University. These cardinal virtues were revered by the great thinkers of ancient Greece and Rome, and they have stood the test of time because they reflect the essential qualities that guide human behavior and decision-making. I hope you will treasure in your fond memories **Sala Jaturatham** on Suvarnabhumi campus, the Pavilion on which the Four Virtues are inscribed on its upper four-sided parts, this stone structure overlooking an island of trees in a big pond - a nice breezy place surrounded by hundreds of shady trees prompted the theme: **"University in the park"** coined by Rev. Bro. Martin.

- **Prudence** is the virtue of wisdom and practical judgment. It is the ability to make sound decisions by carefully considering all factors and understanding the consequences of one's actions. Prudence is not just about making the right choice; it is about approaching decisions with a mindset of discernment and reflection. As you move forward in your careers and your lives, I encourage you to cultivate prudence in all that you do. The world is filled with choices, some of which may not always seem clear. Prudence will help you navigate these complexities with wisdom and clarity.

- **Justice** is the virtue that governs our relationships with others. It is the pursuit of fairness and the commitment to doing what is right, even when it is difficult. In a world that often seems divided by inequality and injustice, we must remember that our actions toward others should reflect fairness, respect, and compassion. As you enter the professional world and contribute to your communities, let Justice be your guide. Advocate for fairness, seek to uplift others, and ensure that your decisions contribute to the common good.
- **Fortitude** is the strength to persevere in the face of adversity. It is the courage to stand firm in your beliefs, even when faced with hardship or opposition, being persistent and never giving up. Every one of you will face challenges in your life, and some will be more difficult than others. Fortitude is not about avoiding difficulty; it is about facing it head-on and moving forward with determination and resilience. Whether you are confronted with a personal setback or a professional challenge, I encourage you to meet it with courage, knowing that you have the strength to overcome it.
- **Temperance** is the virtue of self-control and emotional balance. It teaches us to moderate our desires, appetites, and emotions, so that we can live a life of harmony and peace. In today's fast-paced world, where excess is often celebrated, temperance reminds us that true fulfillment comes not from indulgence, but from equilibrium. It is about knowing when to act and when to pause, when to push forward and when to reflect. As you take on new responsibilities, whether in your career, in your relationships, or in your personal growth, let temperance guide you toward a balanced and thoughtful life.

These Four Virtues are not merely abstract concepts; they are practical tools and virtues that will serve you well as you face the challenges of life. I encourage you to reflect on these virtues often, and to strive to embody them in your daily life. They will not only help you make better decisions, but they will also shape you into a person of integrity, compassion, and wisdom.

The Challenge of the Career Life

Now, as you leave the safety and familiarity of the university, you will enter a world that is filled with both opportunity and challenge. The knowledge and skills you have gained here will undoubtedly serve you well, but the real world requires more than just academic knowledge. It demands resilience, creativity, and a commitment to life-long learning.

As you embark on your careers and your future paths, remember that learning does not end when you walk across this stage. In fact, your education is just beginning.

You are entering a world that is complex and ever-changing, and the key to success will be your ability to adapt, to think critically, and to engage with the world around you. Your degree is not just a symbol of what you have learned; it is a tool that will allow you to continue learning, growing, and contributing to society.

The challenges you will face in your careers will be varied and at times overwhelming. But as you confront them, remember that you have the intellectual tools and the ethical life with inner strength to rise above them. Take the time to reflect, to seek guidance from mentors, and to learn from both your successes and your failures. These challenges are not setbacks - they are opportunities to develop the skills and wisdom that will help you become the leaders of tomorrow.

Embracing Life's Challenges

In life, you will undoubtedly face moments of difficulty and hardship, moments of doubt, and even moments of failure. But I urge you to embrace these moments as opportunities for growth. Remember that failure is not the opposite of success - it is a part of the process. Every setback teaches us something valuable, every obstacle can help us grow stronger, and every mistake is a chance to learn and develop.

As you continue on your journey, take risks, make mistakes, and be open to learning from every experience. Trust that each challenge you face will ultimately make you more resilient, more capable, and more prepared for the next chapter of your life.

Closing Remarks

As you stand on the threshold of this new chapter, take pride in all that you have accomplished. The world needs your talents, your ideas, your compassion, and your courage. Continue to strive to become the best version of yourself and to make a meaningful impact on the world around you.

On behalf of the faculty, staff, and administration at Assumption University, I am proud of all of you. Congratulations, graduates! Continue to be always the pride and glory of our Alma Mater, Assumption University.

Once again, I wish to present my special greetings and felicitations to all graduates for their success and happiness in life, the joy of giving and sharing for the common welfare, the courage and wisdom to bear any hardship and trials that may come your way, and the achievement in your professional undertakings. I pray the Almighty God, through the intercession of Our Lady of Assumption, will bless and protect you.

CLOSING PRAYER

Loving God, bless us as we gather here today to celebrate the accomplishments of these graduates. Thankful for the gifts you have bestowed upon them and the opportunity to share in their lives, we ask you to continue to guide and bless them.

May they be healthy, open-minded persons, enlivened by Christian values, engaged tirelessly in the pursuit of Truth and knowledge, characterized by personal integrity and creative thinking.

May they learn that life is a struggle, but through diligence and hard work, they can overcome all difficulties.

May they be professionally competent, willing to exercise responsible leadership for their own good and the good of humankind.

May they learn to be tolerant towards ways of being, thinking and acting which are different from theirs.

May they learn to respect all creation, and the uniqueness of each person.

May they be light to this world, so that their life radiate your message of compassion, hope, and joy, leading people towards the true source of all knowledge and life.

May they be the salt that prevents the rottenness of hatred and greed from expanding around them, bringing compassionate healing to anguished souls they encounter.

Teach them, Lord, that alone they are insignificant, but with the talents of others, they can build a new world where all can live as true brothers and sisters.

We ask all this through Christ, our Lord. Amen.
